Core Competencies

- **Interpretation & Translation:** Expertise in simultaneous, consecutive, and interpretation for business meetings, legal consultations, and academic discussions between Korean and Romanian languages. Proficient in document translation for official documents, business contracts, and technical papers.
- **Korean-Romanian Business Consultation:** Providing strategic advice and interpretation services to Korean businesses entering the Romanian market.
- **Cross-Cultural Communication:** Facilitating clear communication between Korean and Romanian speakers in various sectors, including government, corporate, and academia.
- **Multilingual Fluency:** Korean (Native), Romanian (Fluent), English (Proficient).

Professional Experience

Freelance Lead Language Specialist & Consultant

Iustiana Consulting | June 2021 – Present

- Provided interpretation services for business meetings, conferences, and legal consultations between Korean and Romanian clients.
- Specialized in advising companies on entering the Romanian market, including business translation and interpretation of legal and technical documents.
- Conducted Korean language training and translation of academic papers, focusing on blockchain and other specialized subjects.

Management Team Leader

Kamtec | Oct 2017 – May 2021

- Led the establishment of Seohan Group's first European plant in Romania, managing the construction and commissioning of Renault EGR Valve production lines.
- Provided critical interpretation for quality management audits, ensuring accurate communication between Korean and Romanian teams regarding quality standards, procedures, and factory operations.

Business Manager & Global Service Manager

LG Electronics | Jan 2006 – Sep 2017

- Managed the establishment and optimization of LG Electronics' Romanian operations, including legal and accounting services.
- Delivered interpretation support for corporate meetings, strategic planning, and product launches.
- Translated corporate documents and legal contracts, ensuring compliance with local regulations and company policies.

Key Interpretation & Translation Projects

- **Interpreter for Working-Level Meetings:** Facilitated discussions between the National Pension Service of the Republic of Korea and the Romanian Social Security Administration regarding the **Avoidance of Double Taxation Agreement** (2010, 3-day event).
- **Translation of Academic Work:** Translated the Romanian/Korean essay collection *Congresul Iubirii* by author Sebastian, ensuring accuracy in the preservation of cultural and thematic context.
- **Translation of Technical Paper:** Translated an academic paper on blockchain technology, *Super-Scalability L1 Based on Trusted Causal DAG Transfers* by author Flavius Burca (2023), with a focus on specialized technical terminology and clarity.
- **Interpreter for Wine Research Collaboration:** Provided interpretation for a new varietal breeding project between the **Gyeongsangbuk-do Agricultural Research Institute** (Korea) and the **Romanian Grape Research Institute**, and served as an interpreter at an international academic symposium (2023–present).
- **Consultant for Feasibility Study:** Acted as a liaison interpreter during a feasibility study for the **Korea Water Resources Corporation's** potential expansion into Romania, collaborating with the **Romanian Ministry of Environment, Romanian Water Resources Corporation**, and other key stakeholders.
- **Simultaneous Interpretation Training:** Participated in **Simultaneous Interpretation** for the CEO's lecture at **Atomy Success Academy** (2024), further honing my expertise in real-time translation for high-stakes discussions.
